Neighborhood Information Network

Introduction

The Eagle Police Department is sponsoring a customized neighborhood information network to keep our citizens informed of recent events or crimes in their particular neighborhood. With this information our community members can safeguard their homes, cars, etc. and assist the police by being our *eyes & ears* to help prevent/solve crime.

How Does it Work

If you choose to participate the police will have your email address or your telephone number. If something of significance happens in your specific neighborhood; we will notify you so you can safeguard your neighborhood. Additionally, you can keep an eye out for suspicious activity so that you can immediately notify the police. Each network will be specific to individual neighborhoods or business districts.

How Do We Sign Up

Simply email or call us with your email address and, or, telephone number and tell us what neighborhood you live in. Providing us with additional information such as your address would be helpful but not necessary. **Our email address is EPD@townofeagle.org or you may contact us at 970-328-6351, or just talk to an officer on patrol to sign up.**

Why is it Important?

It is impossible for the Police to be everywhere at once. With this network we can communicate to specific neighborhoods to keep everyone informed. Additionally, you can act as our *eyes & ears* when an officer is not present. Just as importantly, potential criminals or suspicious persons will be at a disadvantage because we are a small community with a lots of ***Community Spirit***.

Please sign up today so we can begin to network with you and your neighbors immediately.

Rodger D. McLaughlin, Chief of Police
